12:30 PM - 4:45 PM

Optional family session training

Our Lady of Good Counsel
Pastoral Center
1525 Waimano Home Road
Pearl City, HI 96782

Description

LoveEd is a family-based chastity education program that teaches the facts of life within the meaning of life. Developed based on the work of Coleen Kelly Mast, author of *Sex Respect* and *Love & Life*, with catechetical advisor, Sister Kieran Sawyer, soon to be published by St. Benedict Press.

LoveEd Diocesan Training will help your parish leaders, catechists and facilitators to implement the program easily, effectively and with confidence.

Goal:

To provide to the Church and families a beautiful and positive Catholic-centered approach to human sexuality education within the context of the meaning of family love, friendship love, and married love. Each program is age-appropriate, gender specific, and family based.

Meets Today's Needs:

The LoveEd Program is a response to the US Bishop's Document *Catechetical Guidelines in Chaste Living* and the Vatican Pontifical Council for the Family's *The Truth and Meaning of Human Sexuality*. There is currently nothing on the market that fills this void, and Catholics are in dire need of this support and encouragement raising children in today's culture.

Methodology of Program:

The five unique seminars of the LoveEd program, whether implemented in parish groups or in the home, enable parents to have private conversations with their children between a series of video clips. The Parent-Only program has six video clips with group discussion in between empowering parents to utilize the teachable moments of life from ages 2-14 to help their children be 'innocent, not ignorant.' The parent-child seminars include 5 video clips and a short prayer service.

Program Components: 5 Parish Events in one Parish Kit package, or individual kits for family use.

The **LoveEd** Parish Event Curriculum includes videos and workbooks to implement five different parish or home events all in one kit

- A video/discussion seminar for parents of children ages 2-14 and accompanying textbook
- A video/discussion seminar and accompanying workbook for boys at puberty with their dads
- A video/discussion seminar and accompanying workbook for boys at young adolescence with their dads
- A video/discussion seminar and accompanying workbook for girls at puberty with their moms
- A video/discussion seminar and accompanying workbook for girls at young adolescence with their mom

Highly professional productions developed by corporate level video writers and producers.

See a 3-minute preview video of the videos at www.respect4u.com

Facilitator Training Seminar includes:

- How and why the LoveEd program is structured as it is, how it meets the US Bishops Guidelines
- How to grow in confidence to be a wonderful and effective LoveEd parish facilitator
- Previews of Videos for Parent Program and Parent/Child Program
- Samples of Workbook exercises for the parish seminar and the take-home program
- Q & A and best practices tips with the author who has presented the program for 5 years in her diocese

What You'll Get Out of the Training

1. Overview of Church teaching of God's plan for the family
2. Ideas for welcoming all parents with a variety of backgrounds in family life ed
3. Effective, well-run Parent and Student Events
4. Educated, informed adults who are better able to communicate with young people and their parents
5. Ultimately, you get better informed students within the context of God's plan
6. Confident facilitators who benefit from years of experience using this program
7. Through equipping Facilitators, your communities will see more informed Catholics who can speak the truth with love, fewer emotionally wounded young people, healing outreach for their parents, lower rates of promiscuity, abortion, sexual abuse, sexually transmitted diseases, greater self-confidence and self-worth, etc.

Training Agenda

- Introductions
