### **3-04 Physician Assisted Suicide: Undermining Trust and Hope for Those Most in Need**

*Dr. Dave Coleman*

Physician Assisted Suicide (PAS) will become legal in our state on January 1, 2019. We do not support this law because it will ultimately undermine trust in our doctors and other medical personnel who are called to cure and care, not provide the means for death. Our hope is in God's faithful love which is found in our interior life of prayer, and shared with love and compassion in the presence of those with whom we have entrusted our care. The journey to death is part of our life of love.
